6 HOW WE USE YOUR PERSONAL DATA

- 6.1 We use your personal data for a number of purposes but only where we're allowed to by law.
- 6.2 We may process your personal data where such processing is necessary or permitted:
- 6.2.1 in order to perform any agreement we have entered into with you or in anticipation of any agreement we may enter into with you (including our [Terms of Use](#));
 - 6.2.2 to comply with any applicable law or regulation; and/or
 - 6.2.3 for the purposes of the legitimate interests pursued by us or a third party. These legitimate interests include the purposes identified in the table below in section 7 but may also include other commercial interests and our internal administrative purposes. Where we rely on legitimate interests as the lawful basis for processing your personal data, we'll put in place appropriate safeguards to protect your data and to ensure that your fundamental rights and freedoms are not overridden by those legitimate interests.

- 6.3 We may also process your personal data where we have your consent. Where we rely on consent as the lawful basis for processing your personal data, you have the right to withdraw your consent at any time and if you wish to do so, you should contact us using the contact details set out in section 14 below. Where we obtain your consent to send you marketing communications, you can unsubscribe by following the unsubscribe link within the communication. The withdrawal of consent does not affect the lawfulness of processing based on consent before withdrawal or the lawfulness of processing based on other lawful grounds.
- 6.4 We may process special categories of personal data (including details about your race or ethnicity, sex life, sexual orientation, and information about your health and genetic and biometric data) where:

Where you are asked to give such explicit consent, this consent refers to the processing of your Health Data for the specific purposes set out in clause 7 or such other purposes as may be communicated to you within the Assistant from time to time. You should not consent to such processing (including by accepting the terms of this notice) unless you wish to give us your express, freely given consent to process your Health Data in accordance with the terms of this notice. You are not required to provide any Health Data to us, but given the nature of our Assistant and our services, it is likely to prejudice our ability to deliver our services to you if you choose not to do so.

- 6.7 We may process your personal data for more than one lawful ground depending on the specific purpose for which we're using your data.
- 6.8 We may process your personal data ourselves or in conjunction with our third party service providers in accordance with section 8.
- 6.9 We'll only use your personal data for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original purpose.

6.10 If we need to use your personal data for an unrelated purpose, we'll notify you (which may be by way of update to this privacy notice) and we'll explain the legal basis which allows us to do so. In the event that the purpose of data collection changes where consent is the lawful basis for processing, we will notify you of such change and re-secure your consent for such processing.
